Cal Grant participating colleges, universities, and career technical schools must meet various eligibility requirements in law to be able to receive Cal Grants. Among those are two new requirements* recently enacted in 2012-13.

1. Schools must keep their federal student loan Cohort Default Rate (CDR) below 15.5%.

2. Schools must keep their graduation rate above 30%.

The schools on this Ineligible Cal Grant Schools list did not meet one or both of the requirements above for the 2012-13 academic year.

For more information on the CDR and graduation rate requirements, visit 2012 Budget Act Changes.

Cal Grant participating colleges, universities, and career technical schools must meet various eligibility requirements in law to be able to receive Cal Grants. Among those are two new requirements* recently enacted in 2012-13.

1. Schools must keep their federal student loan Cohort Default Rate (CDR) below 15.5%.

2. Schools must keep their graduation rate above 30%.

The schools on this Ineligible Cal Grant Schools list did not meet one or both of the requirements above for the 2012-13 academic year.

For more information on the CDR and graduation rate requirements, visit 2012 Budget Act Changes.

^{*} By law, these CDR and graduation rate thresholds only apply to qualifying institutions with more than 40 percent of their undergraduate students borrowing federal student loans. A limited exception in law also allows institutions who do not meet the graduation threshold to continue to be eligible if their CDR is below 10% and their graduation rate is above 20%.
